Plan costs

Click the down arrow to learn more about each of these.

Monthly premium	\$14.74 per month was \$326.74	▼
Deductible (Health + Rx)	\$0 per person	^
Your deductible is the total amount you'll pay for healthcare services before your insurance starts to cover a portion of costs. (Scroll down to see the specific portion this plan covers for each service.) However, many plans do cover basic services even before the deductible has been met, on day one. This plan combines the prescription drug deductible and healthcare deductible. Note: Monthly premiums don't count towards the deductible totals, and the deductible totals reset each year.		
Out-of-pocket max	\$2,500 per person	^
This is the most you'll have to pay for healthcare services during your coverage period (typically 12 months) – think of it as your safety net in the event of a major health problem. Note: monthly premiums don't count towards your out-of-pocket max.
